Construction and Dismantling: General Regulations

During the construction and dismantling periods, trucks are directed by a special guidance system close to the trade fair grounds.

Please note: The Cologne Zoobrücke is closed for heavy trucks i.e. trucks with more than 30 tons gross vehicle weight as from October 15th 2010. Please use the official route deviations of the Cologne City Administration. For more information and the corresponding access routes see Cologne's homepage www.stadt-koeln.de/1/presseservice/mitteilungen/2010/05029

Due to a general disposition of the Cologne Police Authority trucks over 30 tons gross vehicle weight without a sticker for the environmental restriction zones are allowed access to Koelnmesse also via the environmental zones.

This applies only to the official route deviations.

At Gate A vehicles will be registered briefly and access permission will be granted for entering the trade fair grounds. For vehicles up to 3.5 tons apply special regulations (see next page with access regulations).

Access will not be granted to the trade fair grounds unless:
