Trade Fair Profile

FSB sets the industry in motion: The world's leading trade fair for urban living environments becomes the global hub for public spaces, sports and leisure facilities. Here is where you can meet your international market players from architecture, municipalities, sport and sport clubs. Attendance at FSB in Cologne is a must for industry deciders from all over the world. Decision makers from municipalities and associations, international buyers, investors, planning agencies, architects and operators of stadiums, event locations and arenas come to Cologne to see the key trends, discover innovations, exchange ideas with industry partners and find the right solutions for their current projects.
