General Traffic Regulations

Restricted Traffic

Blocking of „Zoobrücke“ for heavy-goods vehicle traffic

Please note that the bridge „Zoobrücke“ is closed for heavy trucks i.e. trucks with more than 30 tons gross vehicle weight as from 15 October 2010. Please use the official route deviations of the Cologne City Administration. For more information and the corresponding access, routes see Cologne's homepage

<https://www.stadt-koeln.de/leben-in-koeln/verkehr/verkehrskalender/zoobruecke>

Blocking of highway tunnel „Grenzstraße“ B55a for vehicles over 7.5 tons

Due to inevitable works to improve fire protection and subsequent clean-up operations the highway tunnel „Grenzstraße“ on the express highway is closed until further notice for vehicles over 7.5 tons between the bridge „Zoobrücke“ and the motorway junction „Köln-Ost“ as from August 2012. Therefore please leave motorway at exit „Köln-Buchforst“ and follow the signposted alternative routing. It will lead you to Frankfurter Straße, then onto Vingster Ring and via eastern access road leading to the trade fair grounds. You can also use the alternative route via motorway A4, motorway junction „Kreuz Gremberg“ to eastern access road. For further information please see Koelnmesse homepage:

<http://www.ids-cologne.de/teilnahme-und-planung/fuer-messebauer/wege/wege-3.php>

Environmental Zone

Most of Cologne's metropolitan area is a low emission zone, into which only vehicles sporting one of the stickers for emission group 4 (green sticker) are allowed to enter since July 2014. The Koelnmesse exhibition center is, however, accessible for all types of vehicles, even if they do not bear one of the aforementioned stickers. You will find directions on how to reach the site without a sticker at map of low emission zone.

Due to a general disposition of the Cologne Police Authority trucks over 30 tons gross vehicle weight without a sticker for the environmental restriction zones are allowed access to Koelnmesse also via the environmental zones. This applies only to the official route deviations. Please find more information here:
