Important information for organisers of group stands

yummex Middle East
The Event for
Sweets and Snacks Professionals
Dubai, UAE, 07.-09.11.2021

1. Please let us know the definite amount of space you will need for your group stand at the trade fair. The area you need is the sum of the individual spaces occupied by exhibitors, service areas and "internal" aisles. We require that the **application form 1.12** which has been filled in by you and bears your legally binding signature as the group organizer be returned to us.

Register by 30 April 2021 for the Early Bird Discount. The regular price will take effect **starting 01 May 2021**

until 30 April (Early Bird Discount)	USD 420.00 per m ²
as of 01 May	USD 435.00 per m ²

Please note, that the date an application is received by Koelnmesse GmbH will be used for purposes of determining the price level.

2. If you return the application forms bearing your signature by the deadline, we expect to be able to send you the **admission/stand confirmation** with the hall layout plans **from the beginning of June 2021**. In accordance with Item II of the General Section of the Conditions of Participation, the contract between you and Koelnmesse GmbH takes effect **upon receipt of this admission/stand confirmation**. Contractual relationships exist exclusively between Koelnmesse GmbH and you as the group organizer, in accordance with Item V of the General Section of the Conditions of Participation. The same applies to entries in the Media Package. Subsequent reductions of the stand area (such as when companies cancel their participation at a group stand after the group organizer receives the **admission/stand confirmation**) will be at the expense of the group organizer. Additional ordered space will be calculated with the date the request is placed by Koelnmesse GmbH.

3. **Group participants** (companies that will participate at yummex ME 2021 at the group stand that you have organized, under their own name and with their own personnel and products) **have to register** electronically.
Please note that co-exhibitors are not allowed with group participants.

For electronic registration of the group participants, you have to use the Excel template we are providing. The information is used as the basis for the entry in the Media Package/in the catalogue, among other uses. **The completed file must be received by Koelnmesse GmbH by 10.09.2021**. Participants will not be entered into the "Catalogue/Internet" Media Package unless you have submitted the Excel template by the deadline.

Each participant must fulfil the requirements for taking part in yummex ME. In this regard, please note in particular Item 2 of Special Section A of the Conditions of Participation. Koelnmesse GmbH is entitled to reject companies that do not fulfil the requirements for taking part in yummex ME.

4. The distribution of individual areas at the trade fair is your responsibility as the organizer of the joint stand. Koelnmesse GmbH must be notified as to how the individual areas have been distributed **by 10 September 2021**. This information will be used as the basis for the allocation of the individual stand numbers and thus for the entry of the stand numbers in the "Catalogue/Internet" Media Package. Koelnmesse GmbH will allocate the stand numbers.

As the group organizer, you are responsible for ensuring that all of the necessary documents are completed in full and returned on time. Should you fail to provide us with the allocation of the stand areas you will be entered into the catalogue with a group stand number.

5. We expect to be able to send you the **stand rental fee invoice** for all of the areas occupied by you and your group participants with your stand space confirmation. The additional fees (registration fee, insurance fee and media package fee) will be invoiced as soon as all of your group participants have been registered.

The amount listed in the invoice must be paid on time in order for the group participants to occupy the stand area.

SHOW INSURANCE - Compulsory Requirement

Notification by the Local Organiser,
 Dubai World Trade Center (DWTC):

1.40

Events of the type, size, and attendance numbers are exposed to wide range of damaging incidents. Even the smallest incident that occurs within a single stand can affect the entire Event. It is not just about replacement or repair of damaged items, but it is about delivering a world class, successful event while knowing that the required safety net is in place. DWTC has designed an insurance programme to cover liability towards third parties during the Event. The programme also includes additional cover that we think is appropriate and indispensable for the Event, such as cover for liability arising out of erection and dismantling exhibition stands, cover for the Exhibitor's assets and personal accident cover for the Exhibitor's employees.

A schedule showing the cover at a glance, the original certificate of insurance, a copy of the policy, the claim form to be used in the unfortunate event of an accident and the procedure for lodging the claim are all included within this pack.

This insurance cover is compulsory under the Special Conditions of Participation and the organiser Dubai World Trade Center has taken out the cover in line with the provision of the applicable law and the stipulations of the Special Conditions of Participation. The cost (USD 165.00) of this cover will be charged to the Exhibitor and shall be payable in accordance with the Space Contract.

If this invoice is not paid, then regrettably we will be constrained to restrict the Exhibitor's access to the venue and Exhibitor Badges will not be issued till payment is made.

Unfortunately, we cannot accept any other specific or event-related or global policy you may already have in place or propose to take in satisfaction of the insurance requirement mandated in the Space Contract Regulations, even if such policy contains matching cover.

However, should you wish to include any additional risks, benefits or cover within the policy, please email your particular requirements to: tanveer.bondre@marsh.com

Special Conditions of Participation for Organizers of Group Participations

yummex Middle East
The Event for
Sweets and Snacks Professionals
Dubai, UAE, 07.-09.11.2021

1. The group organizer is the individual who coordinates the participation of two or more companies in a trade fair, and who interacts with Koelnmesse as the organizer of a group participation and rents the required stand space(s). The signing of the Registration Form 1.12 with a legally binding signature acknowledges that the General and the Special Sections of the Conditions of Participation, the present Special Conditions of Participation for organizers of group participations and the Technical Manual are binding. The group organizer is the contract partner of Koelnmesse for the group participation he organizes. The group organizer is also the recipient of services with respect to VAT law.

2. Group participants are companies that jointly take part in a trade fair on the stand space(s) rented by the group organizer. Group participants take part in the event on the basis of a contract between the group participants on the one hand and the group organizer on the other. Group participants generally do not have a direct contractual relationship with Koelnmesse. The General and the Special Sections of the Conditions of Participation and the Technical Manual are binding for each individual company. The group organizer is responsible for ensuring that the group participants adhere to the Conditions of Participation. Koelnmesse is entitled to charge mandatory additional fees for each group participant. The amount of the mandatory additional fees is shown on Registration Form 1.12.

3. Group participations are to be organized and implemented in accordance with the General and Special Sections of the Conditions of Participation as well as the Technical Manual. All of the group participants have to meet the conditions for participation. Koelnmesse is entitled to reject companies that do not fulfil the requirements for taking part in the trade fair. If the group organizer sets any conditions of participation for the group participation, these conditions have to be approved by Koelnmesse in advance.

4. The group organizer is responsible for performing the following tasks in particular:

- Determining the space needed for the group participation with regard to the respective trade fair. The area needed is the sum of the individual spaces to be occupied by group participants, service areas and "internal" aisles.
- Notifying Koelnmesse of the amount of space needed. For each trade fair, the group organizer has to submit Form 1.12 completely filled in and with a legally binding signature.
- Planning, ordering and coordinating stand construction, media services and other services; returning the registration documents of the group participants in full for the entry in the catalogue, the online exhibitor database, and the "Matchmaking" system for contacts between exhibitors and visitors.
- Distributing individual areas. **Information on the distribution of the individual areas must be received by Koelnmesse by 10.09.2021** so that it can be used as the basis for assigning the individual stand numbers as this is necessary for entering the stand numbers into the Media Package. **Koelnmesse will assign the stand numbers.**
- Handling all contract-related communication activities with the organizer.
- Handling payments for the costs of the provided stand areas, the ordered stand construction and media services, and technical service and the other participation costs of the group participation.
- Ensuring that group participants adhere to the General and Special Sections of the Conditions of Participation, as well as the Technical Manual and instructions from Koelnmesse.

5. The group participants are registered with the group organizer in accordance with the General and Special Sections of the Conditions of Participation and the Technical Manual. The participants are registered using an Excel Template provided by Koelnmesse GmbH.

6. Group organizers register group participations in their own name and on their own account using the provided Excel template. The group organizer must also send the details of the group participants to Koelnmesse and ensure that this data can be used by Koelnmesse in accordance with the applicable data protection law. The group organizer is responsible for ensuring that all of

the necessary documents are completed in full and returned on time. Koelnmesse may reject a registration or cancel any admissions/ stand confirmations that may have already been sent if the documents are incomplete or not submitted on time. In such cases, Koelnmesse is also entitled to charge each participant a registration fee as stipulated by the Special Section of the Conditions of Participation.

7. Koelnmesse shall send the admission/stand confirmation to the group organizer. In accordance with Item II of the General Section of the Conditions of Participation, a contract between Koelnmesse and the group organizer takes effect as soon as the latter receives the admission/stand confirmation. Contractual relationships therefore exist exclusively between Koelnmesse and the group organizer, in accordance with Item V of the General Section of the Conditions of Participation.

A subsequent reduction of the stand area or the withdrawal of individual group participants is treated — relative to the respective reduction of the stand area — as a partial release from the contractual relationship, Item II, Paragraph 8 of the General section of the Conditions of Participation. The organizer can consent to a request for release from the contract by way of exception if the stand area made available can be assigned to a third party in return for payment. Unless specified otherwise in the Special Section of the Conditions of Participation, Koelnmesse is then authorized to charge a flat-rate amount of 25% of the participation fee for the costs incurred, without being required to provide further evidence. If the stand area cannot be handed over to a third party for a fee, the contract remains in force and the participation fee must be paid in full.

8. The participation fee and other costs are invoiced to the group organizer.

General Section of the Conditions of Participation yummex Middle East

I Registration

Registration can be carried out by post.

1. Postal registration process

To indicate your intention to take part in the event, you must return to us a completely filled in and signed registration form (Registration). Alternatively, you can scan the completed and signed participation documents and send them to us via e-mail to the e-mail address given in the registration form. A digital signature can also be provided instead of the scanned signature.

By signing and returning the registration form, you acknowledge that the General and the Special Sections of the Conditions of Participation are binding. In addition, the specifications of the Dubai World Trade Centre Technical Manual, which will be made available by the Dubai World Trade Centre after publication, must be complied with. Every exhibitor is obliged to read this Manual and obey all instructions.

2. You can download the Conditions of Participation from the event homepage.
3. The registration is binding on you as of its delivery to Koelnmesse. It cannot be subject to provisos or reservations; in particular requests for specific stand locations do not constitute a condition for participation.
4. The registration can only be revoked prior to your receipt of the acceptance/stand area confirmation when this is permitted by the Special Section of the Conditions of Participation. In this case, you have to pay a fee as stipulated in the Special Section of the Conditions of Participation.

II Acceptance

1. The organizer decides on your participation on the basis of the stipulations valid for all of the participants in the event (acceptance/ stand area confirmation).

There are no legal claims to be admitted. In the event that the organizer receives more registrations corresponding to the admission requirements prior to the deadline for submission of registrations than there is available exhibition space, the organizer will decide which applications for registration are approved according to the organizer's reasonable discretion.

If you have previously failed to fulfil your financial obligations to the organizer or have not fulfilled them punctually, your company can be excluded from acceptance.

2. The contract comes into force with the confirmation of acceptance/stand area confirmation, both of which are valid without signature.

3. Validity of the acceptance

The acceptance/stand area confirmation only applies to the respective event, the company registered and named in the acceptance and the products and services registered. Products and services that do not correspond to the Index of Goods may not be exhibited or offered.

The assignment of a stand area is carried out by the organizer in accordance with the exhibition topic area within the event to which the products you have registered belong.

Exhibitors do not have a right to have a stand area assigned to them of a particular shape, in a particular hall or a specific area within a hall. The

exhibitor can specify a minimum and a maximum stand area during registration. Any acceptance by the organizer that is within the specified size range is according to contract. Deviations from the average value of the specified desired sizes of up to 20 % are also according to contract.

An agreement is necessary in the case of greater deviations outside the desired size. This agreement is granted at the latest with the payment of the participation price.

The organizer is entitled to revoke the acceptance if it was granted on the basis of incorrect statements or if the participant subsequently fails to meet the conditions for acceptance.

4. Change after acceptance

The organizer is entitled to relocate or close entrances and exits, and to make structural changes to the trade fair halls for good cause (e.g. fire, fire protection, other hazard prevention) and taking into account your legitimate interests after acceptance without you deriving any rights from such changes.

In individual cases with good cause and taking into account your legitimate interests, the organizer is furthermore entitled to subsequently assign a different stand area to the one already allocated in the acceptance and to change the size and dimensions of the stand area. If the size of the stand area is reduced, the difference in the participation fee will be refunded to you.

In the event that the date or location of the event has to be changed due to good cause and this change can reasonably be demanded of you then the corresponding changes must be accepted; the acceptance/stand area confirmation is replaced by the organizer's corresponding notification of the changes. A change of location means a change to a location outside the exhibition centre.

You will immediately be notified should the stand area not be available for reasons beyond the organizer's control. In this case, you have the right to receive a refund of the participation fee.

In such cases, there is no entitlement to claim damages that go beyond this refund.

5. Rights of withdrawal

The organizer may withdraw from the contract if there is good cause. Such good cause is particularly the case if an application has been submitted to initiate insolvency proceedings or if such an application has been rejected due to a lack of assets. You must notify the organizer immediately if this is the case.

It is no longer possible for the exhibitor to withdraw a registration after the acceptance/stand area confirmation has been received.

As an exhibitor, you bear the sole risk for the following complications: products that are planned for the presentation cannot be imported as a result of the legal regulations valid at the event location or for other reasons; products arrive at the event location late, damaged or not at all (e.g. because they have become lost or are affected by transport or customs delays); you, your staff, your stand personnel or the personnel charged with the construction of your stand are delayed or prevented from arriving at the event location, e.g. due to the refusal of a visa. You remain obligated to pay any and all costs that have been agreed upon.

The organizer can consent to a request for release from the contract by way of exception if the stand area made available can be assigned to a third party in return for payment. Unless specified otherwise in the Special Section of the Conditions of Participation, the organizer is then authorized to demand a flat-rate amount of 25 % of the participation fee for the costs incurred without further evidence. If the stand area cannot be transferred to a third party for a fee, the contract remains in force and the participation fee must be paid in full. The occupation of the stand area that is no longer reserved by another participant who has already been admitted to the event and assigned a stand area is not considered to be a rental to a third party against payment, as two areas were merely exchanged.

If the Special Section of the Conditions of Participation stipulate that you must purchase a Marketing Package, the specified price has to be paid in the event that you withdraw from the contract. This does not affect your liability for catalogue fees, stand construction fees or other costs, particularly if they involve services from third parties or have arisen due to services that have already been provided.

You shall be entitled to prove that no damages were incurred or that the costs were significantly less extensive than the fee charged.

The mandatory fees for co-exhibitors must be paid in full in the event a company that has been accepted as a co-exhibitor does not participate.

III. Construction, design and operation of the stands

1. As an exhibitor, you are responsible for ensuring that your trade fair participation, and especially the construction and design of your stand, comply with all the legal standards valid in the United Arab Emirates as well as the regulations of these conditions and the Special Section of the Conditions of Participation and the Technical Manual including any hygiene regulations. This also applies to the persons working on behalf of the exhibitor, who must be supervised to ensure that they adhere to the stipulations.

2. Additional regulations, especially those of an event-related nature, can be found in the Special Section of the Conditions of Participation and in the Technical Manual.

3. Any additional technical services that may be required, in particular the installation of electricity, water and safety measures, the hiring of local personnel, etc., can be ordered from Event Plus (Service Shop of DWTC - Dubai World Trade Centre) and are invoiced separately. Orders placed by third parties (in particular by stand construction companies) in connection with the construction, furnishing and design of your stand area are considered to have been commissioned by the exhibitor and at the exhibitor's expense.

4. The registered and authorized products must be on display at the stands for the entire duration of the event. Stand personnel must also be in attendance throughout this entire time. Clearing the trade fair stand before the official end of the event represents a serious breach of these Conditions of Participation and entitles the organizer to pursue claims for damages and to exclude your company from future participation in events of the Koelnmesse Group.

5. Products and services may only be presented within the stand area listed in the acceptance/stand area confirmation. You may not distribute products, flyers and other advertising materials in other areas of the exhibition centre without first receiving the organizer's written permission.

6. The legal stipulations of the United Arab Emirates need to be complied with during the presentation and sale of products and services. Products that are not intended to be offered or are not approved for sale worldwide must bear a corresponding note or a country-specific label.

7. The organizer can require that you remove products that do not correspond to the Index of Goods, the presentation of which would not comply with legal stipulations of the United Arab Emirates or that may cause a significant interference with the operation of the trade fair or give rise to a hazard to the safety of exhibitors and visitors due to smells, noises or any other emissions or due to their appearance.

IV. Participation fee and other costs/Terms of payment

1. The participation fee for the standardized event services covers the rental of the stand area for the entire duration of the event and the construction and dismantling periods stipulated in the Special Section of the Conditions of Participation; a specific number of exhibitor passes; the use of technical and service facilities at the exhibition centre; general hall security; cleaning of the generally accessible hall areas; general hall lighting; and advice on organization, advertising and public relations work for your participation.

In addition, the participation fee includes services provided by the organizer as part of the general visitor marketing activities. At the organizer's discretion, these activities especially include a selection of the following services: Placing of advertisements, direct marketing measures (e.g. publication and dispatch of newsletters and other information to potential visitors by mail, fax, or other means of electronic transmission), provision of an online ticket shop, and event-related Internet domains.

The event services also encompass the inclusion in the list of exhibitors. This is obligatory for each exhibitor, co-exhibitor and group participant. Please note the corresponding regulations of the Special Section of the Conditions of Participation.

2. The participation fee does not include the provision of stand partition walls or other special construction elements unless the exhibitor decided to participate with the All Inclusive Package.

3. The amount of the participation fee and other costs will be calculated on the basis of the dimensions of the allocated stand area and according to the rates specified in the Special Section of the Conditions of Participation. Projections, pillars, installation connections and other fixed objects are not taken into account in the calculation of the allocated floor area, which is deemed to be in accordance with the contract.

4. In the case of two-storey exhibition stands the participation fee for the stand area of the upper storey approved after technical inspection is governed by the regulations in the Special Section of the Conditions of Participation.

5. After your acceptance you will receive an invoice for the participation fee and other costs; the invoice amount is due immediately on receipt of the invoice. This also applies to all amounts that must be paid within the framework of the contractual relationship, and, in particular, to invoices, as stipulated by Item I, Paragraph 4 and Item II, Paragraph 5 of these conditions.

6. All prices are net fixed prices plus any value added tax and comparable taxes of the event location that may be payable.

7. The organizer shall have the right to increase the various prices to cover the higher costs in the event of an increase in its own production costs as a result of increased costs for manufacturing, procurement and labour as well as energy costs, fees, taxes and other public duties at the event location. The greatest amount that each individual price can rise is limited to 5 % if more than 9 months have passed between the time the contract is concluded and the date the event is held, 7.5 % if more than 18 months have passed and 10 % if more than 24 months have passed.

8. All liabilities must be settled on time in order for you to occupy the reserved stand area.

9. Failure to execute payment on time will result in interest being charged of 9 % above the base rate according to Section 288 of the Civil Code of the Federal Republic of Germany. The organizer is entitled to claim any higher damages it may have suffered. Compensation for damages does not apply or is reduced if you can prove that the organizer has incurred less or no damage as a result of the failure to pay on the due date.

Should settlement of the invoice not be affected by the deadline or not be effected in full, the organizer is, in addition, entitled to terminate the contract with you and to otherwise dispose of the stand area.

10. A right of lien in the organizer's favour arising from the organizer's claim in regard to the provision of the stand area attaches to the objects brought to the exhibition centre by you.

11. The exhibitor agrees to an electronic invoicing process. The dispatch of the invoice is carried out electronically via e-mail to the e-mail address supplied by the exhibitor or by post as a paper invoice at the discretion of the organizer. The exhibitor must immediately notify the organizer of any changes to its e-mail address.

12. Any services that have been provided by the organizer will be invoiced in US-Dollar and/or AED. You are obligated to pay the amount shown on the

invoice in the currency shown on the invoice ("billing currency"). If the organizer should be prepared, as a courtesy, to accept settlement of the invoice in a currency other than the billing currency in individual cases, without being under any obligation to do so, the exchange rate of such payment must be based on the official buying rate of the billing currency on the date the payment is received. Any exchange rate losses in relation to the billing currency after the invoice becomes due for payment are, therefore, at your expense.

13. Should the exhibitor have any complaints about the invoice, they must be submitted in writing or in the case of electronic invoicing also via e-mail immediately or at the latest within two weeks of receipt. Subsequent objections cannot be considered. A processing fee of 100.00 US-Dollar will be charged for every change to an invoice after your receipt of the invoice that is made exclusively at your request and without an error on the part of Koelnmesse GmbH being present.

14. Any projections, pillars, installation connections and other fixed objects in the stand area provided do not entitle you to any reduction in the participation fee or other costs.

15. In the event of the organizer not being able to fulfil the contract in whole or in part, you have a claim to a proportional reimbursement of any payments you have made. Further claims are in accordance with the regulations in Items VII and VIII of these Conditions of Participation. This does not affect the regulation under Item XI of these Conditions of Participation.

16. You can only exercise a right of withholding or set-off against the receivables arising from the contractual relations insofar as your claims are undisputed or have been determined *res judicata*. Claims on the grounds of unjust enrichment (Section 812 of the German Civil Code) remain unaffected.

17. In the event that an invoice is sent to a third party at the request of the exhibitor, this does not constitute any waiver of the right to claim the account receivable from the exhibitor. You remain obligated to pay until such time as the account receivable has been settled in full.

V Co-exhibitors, group participations

1. Stand areas can only be rented in their entirety and only to one contracting party. You, as an exhibitor, may not relocate, exchange, share or otherwise make available the stand area that was reserved for you to another party in whole or in part without the organizer's prior permission.

2. The use of the stand area by multiple companies is only permissible when the stipulations of the Special Section of the Conditions of Participation permit the participation of co-exhibitors and/or additionally represented companies.

3. A special application must be approved by the organizer before another company (co-exhibitor) can use the stand area to exhibit its own products with its own staff. Companies within a corporate group and subsidiaries count as co-exhibitors.

The organizer has the right to require you, as the exhibitor to pay a participation fee and other costs for co-exhibitors. The organizer also has the right to limit the number of co-exhibitors for each exhibitor. In addition, the preconditions specified in Item II of these Conditions of Participation apply for the admission of co-exhibitors. These companies are subject to the Conditions of Participation — General and Special Sections as well as to the Technical Manual.

If you have a co-exhibitor exhibit at your stand without first obtaining the organizer's explicit permission, the organizer has the right to cancel the contract with you without prior notice and to have your stand area cleared at your risk and expense. No claims of any kind can be made against the organizer in this case, especially no claims for damages.

After acceptance contractual relationships also exist exclusively between the organizer and the exhibitor, who is responsible for the culpability of its co-exhibitors as for its own culpability.

4. When multiple companies wish to participate in the event together on one stand area — a group participation — the General Section and the Special Section of the Conditions of Participation and the Technical Manual are binding for every individual company. The registration is carried out by the group organizer, who is responsible for ensuring that the group participants adhere to the Conditions of Participation. After acceptance/stand area confirmation contractual relationships exist exclusively between the group organizer and the organizer. Exceptions exist in the case of individual orders by the group participants of services in their own name and on their own account; these are only permissible on site during the period from the first day of stand construction to the last day of the event in question.

5. If a stand area is jointly assigned to two or more companies, they are jointly and severally liable to the organizer.

VI. Domiciliary rights

1. The organizer exercises domiciliary rights throughout the exhibition centre.

2. The organizer is entitled to have exhibits removed from a stand if their display violates applicable laws or is morally offensive or not in keeping with the exhibition programme. Advertising of a political or ideological nature is prohibited. In the event of serious offences against the Conditions of Participation, the Technical Manual or the legal stipulations, the organizer is entitled to close your stand or have it vacated.

3. The house and ground regulations for the Dubai World Trade Centre exhibition venue apply in their currently valid version.

VII. Liability for defects

The limitation period for liability for defects in deliveries of newly manufactured articles is 1 year. Liability for defects in used articles is excluded. A claim does not arise when the damage is as a result of normal wear and tear, force majeure, incorrect or negligent operation, excessive use, or the failure to observe legal requirements or instructions for operation.

VIII. Liability/indemnity

1. The organizer is liable without limit for claims, irrespective of their legal grounds, of intent or gross negligence. The organizer is only liable for simple negligence insofar as essential contractual obligations have been breached, and any such liability is limited to foreseeable damage typical of the contract. Essential contractual obligations shall pertain only to those contractual obligations which are indispensable for the performance of the contract and on the fulfilment of which the exhibitor may rely. Otherwise the organizer's liability for damages is excluded.

The aforementioned limitations and/or exclusions of liability do not apply to a legally mandatory specified strict liability (e.g. arising from the Product Liability Act) or the liability from the acceptance of a guarantee or in the case of loss of life, bodily injury or impaired health.

Insofar as the liability is limited or excluded by the aforementioned regulations, this also applies to the liability of the bodies, employees, legal representatives and vicarious agents and officers of the organizer (also with regard to their respective personal liabilities).

2. A strict guarantee liability on the grounds of initial defects of the area provided is excluded.

3. A reduction of the fee due to material defects shall only be considered if the organizer has been notified in writing during the term of the contract of the intention to reduce the fee. Claims to reduction and/ or rights of retention of the exhibitor can only be asserted insofar as they are based on legally determined or uncontested claims. Exhibitor's claims for repayment according to Section 812 of the German Civil Code remain unaffected.

4. If and to the extent that the organizer provides water, district heating, gas and electricity from the supply networks of utility companies, the exhibitor

shall not assert any further claims for damages in the case of liability on the part of the organizer in the event of service disruptions than those to which the organizer is entitled under the relevant provisions vis-à-vis the respective utility company. The exhibitor shall immediately notify the organizer and directly notify the utility company supplying the service of any damage in writing.

5. If the organizer is compelled to temporarily vacate or permanently close the exhibition area or parts thereof, to reschedule the event, shorten or extend it due to force majeure, or for other reasons beyond its control, then the exhibitor is not entitled to any rights, in particular, to claims for damages against the organizer.

6. Liability continues to be subject to the legal burden of proof rules, which are unaffected by this clause.

7. The organizer does not assume any obligation to exercise proper care of exhibits, stand fittings and objects which are the property of the stand personnel. Therefore, the organizer does not assume any liability for the loss of objects, equipment, structures and other valuables brought in by exhibitors and third parties, unless the organizer has assumed custody for a fee. The possibility of hiring hall and stand security personnel for a fee is expressly pointed out.

The organizer transfers the general surveillance of the trade fair halls and the outdoor areas, the oversight of the exterior grounds, and the checks at the entrances to security agencies and their uniformed guards and non-uniformed personnel.

Every visitor and exhibitor in the trade fair halls must be in possession of a valid admission ticket or exhibitor pass and show it to the aforementioned security personnel upon request. The exhibitor will notify those service providers it has commissioned that they will require an admission ticket (e. g. a constructor's ticket). The surveillance and security of individual stands or parts of stands is not included in this general oversight.

8. In the event of contracts that provide for the procurement of certain items, then, unless otherwise expressly agreed in individual cases, the organizer does not assume the risk of procurement.

9. Each exhibitor is obliged to carry a show insurance as specified in the Special Terms of Participation, section 3.2.1. The organizer does not conclude specific insurance for the stand and the items located at the stand. The organizer recommends that the exhibitor insure its participation risk against the normal insurable risks such as fire, burglary, simple theft, damage, water damage etc. including the risks of transport to and from the event itself and at its own expense and that it ensure adequate insurance cover for the construction, trade fair, and dismantling periods including the periods of transport to and from the event.

All cases of theft and damage must be immediately reported to the organizer and thereafter notified in writing.

Stand security personnel may only be hired from the security companies commissioned by the organizer.

10. The exhibitors are also responsible for compliance with all laws, guidelines and other regulations applicable in the United Arab Emirates if the content of the organizer's Conditions of Participation deviate from such regulations. They are obligated to inform themselves in good time and comprehensively about the relevant regulations at the event location and to obtain the necessary knowledge.

The organizer is not obligated to provide any notification or information in this regard.

11. As an exhibitor, you are liable to the organizer and third parties for any damage that you, your personnel, your employees or third parties commissioned by you or other third parties that you use to fulfil your obligations culpably inflict on the organizer or third parties. You shall indemnify the organizer in this respect from all claims of third parties. The Technical Manual as well as the information contained in the organizer's

circulars on questions concerning the preparation and implementation of the event must be strictly observed.

12. The exhibitor shall irrevocably indemnify the organizer from all claims by third parties insofar as these are based on the exhibitor's presentation, the design of the exhibitor's stand, the products presented at the exhibitor's stand, or the intellectual content of these products violating the rights of third parties (in particular, but without being limited to, copyrights, the rights to names and images, trademark rights, competition rights and personal rights) or other statutory provisions. This indemnity obligation encompasses all of the associated costs and expenses (in particular, but without being limited to, warning and legal costs as well as court fees).

IX. Assertion of claims/period of limitation

1. Claims against the organizer that are discernible to the exhibitor — of whatever type — must be submitted to the organizer in writing immediately, normally during the course of the event. The date on which the organizer receives the claim will be the sole criterion for determining if it has been received by the deadline. Claims which are received at a later date cannot be considered. This also applies to claims that would have been discernible with due diligence.

2. Claims against the organizer arising from the contractual relationship as well as all other claims relating thereto, shall become statute-barred after 6 months. The limitation period shall commence at the end of the month, in which the closing date of the event falls.

This does not apply to damage claims resulting from (i) loss of life, bodily injury or impaired health, (ii) Germany's Product Liability Act, (iii) essential contractual obligations and (iv) damages caused by the organizer's grossly negligent or intentional actions. The statutory periods of limitation apply in such cases.

X. Place of performance/place of jurisdiction/valid law

1. The place of performance is the seat of the organizer. The place of jurisdiction is Cologne, provided you are a merchant, a legal person governed by public law, or a special asset regulated by public law. This also applies to processes relating to documents, notes, and cheques. The organizer may also at its discretion assert claims at the court of the city in which you have your registered seat or your branch office.

2. All legal relationships between you and the organizer are subject to Federal German Law and the German text is authoritative.

XI. Reservations / force majeure, cancellation of the event

1. The organizer shall have the right to reschedule, shorten, extend or cancel the event, as well as to terminate the event temporarily or definitely, in part or in whole, insofar as such an action is required due to compelling reasons for which it is not responsible or unforeseen events such as force majeure, natural disasters, wars, strikes, terrorist attacks or the large-scale breakdown or obstruction of traffic, supply and/or communication links, epidemics or pandemics. The organizer shall immediately notify the exhibitor of such circumstances, provided it is not also prevented from doing so by force majeure. In such cases, the exhibitor has no claim to recompense for the resulting damages.

2. In case the event is cancelled as a result of one of the cases mentioned in Item XI Paragraph 1, the exhibitor is obligated to cover the costs of the services already provided to the exhibitor if the organizer requests it to do so.

3. Cases of force majeure that prevent the organizer or its service partners from fulfilling some or all of their obligations release the organizer from its obligations until the force majeure ceases. The organizer shall immediately notify the exhibitor of such circumstances, provided the organizer is not

prevented from doing so by force majeure as well. Strikes, lockouts, regulatory intervention and the impossibility of providing auxiliary materials such as electricity in sufficient amount are considered to be the equivalent of force majeure, unless they are of short duration or caused by the organizer.

XII. Final provisions

1. Only those stipulations in Item I Paragraph 1 respectively Paragraph 2 apply to the contractual relationship. Divergent or supplementary terms from the exhibitor do not become part of the contract even if the organizer does not specifically object to them. This applies especially to diverging conditions of payment.

2. Should some of the provisions be invalid or incomplete, the validity of the remaining provisions and the contract shall not be affected. In this case, the parties to the contract undertake to replace the invalid provision or to fill the gap with a provision that comes closest to fulfilling the economic purpose being pursued by the parties to this contract.

3. Any amendments to the contract must be in text form. The same shall also apply to any amendment or cancellation of the text-form clause itself.

1 Controller/Contact

The Controller as defined under the data protection laws is

Koelnmesse GmbH
Messeplatz 1
50679 Cologne, Germany

Our Data Protection Officer can be contacted as follows:
datenschutz-km@koelnmesse.de

For trade fairs outside Germany, our Data Protection Officer can be contacted as follows:
dataprivacy@koelnmesse.de

2 Your rights as data subject

If your personal data are processed, you are a data subject as defined in the GDPR and you have the following rights with respect to the Controller:

Right of objection

You have the right to file an objection at any time against processing of your personal data, carried out on the basis of Art. 6 (1) sentence 1 lit. e) or f) GDPR, for reasons resulting from your particular situation. This also applies to any Profiling based on these provisions.

The Controller will then no longer process your personal data, unless he/she can demonstrate compelling reasons for the processing warranting protection, and these prevail over your interests, rights and liberties, or if the processing is for the purpose of asserting, exercising or defence of legal entitlements.

If your personal data are processed in order to carry out direct advertising, you have a right to file an objection at any time against the processing of your personal data for the purpose of such advertising. This also applies to Profiling insofar as it is connected with such direct advertising.

If you object to processing for the purpose of direct advertising, your personal data will no longer be processed for these purposes.

In connection with the use of services of the information society and notwithstanding Directive 2002/58/EC, you have the possibility of exercising your right of objection via automated procedures that use technical specifications.

You can demand **information** on whether we process personal data concerning you. If such processing is carried out, you can demand further information on this processing, in particular the purposes, categories of personal data, recipients or the categories of recipients, planned storage duration etc.

You have a right to **correction** and/or completion of your data

You can demand the **restriction of the processing** of your personal data under certain circumstances: If the processing of your personal data has been restricted, these data — with the exception of their storage — can only be processed with your consent, or for the assertion, exercise or defence of legal entitlements, or to protect the rights of another natural or legal person, or for reasons of an important public interest on the part of the EU or a member state.

Under certain circumstances, you can demand the **erasure** of the personal data concerning you. If the Controller has made your personal data public and is obliged to erase them, he/she shall, with consideration for the available technology and implementation costs, take appropriate measures, including of a technical nature, to inform Controllers, responsible for the data processing and processing the personal data, that you, as data subject, have demanded that they delete all links to these personal data, or have demanded the deletion of copies or replications of these personal data.

If you have asserted the right of rectification, erasure or restriction of processing with respect to the Controller, the latter is obliged to inform all recipients, to whom your personal data have been disclosed, of this rectification or erasure of the data or of the restriction of processing, unless this proves to be impossible or involves disproportionate expense. You have a right with respect to the Controller to be **informed** of these recipients.

You have a right to **receive** your personal **data**, provided by you, in a structured, commonly-used and machine-readable format. You also have a right to insist that these data be transferred directly to another controller, insofar as this is technically possible. Liberties and rights of other persons must not be impaired as a result.

You have the right to **revoke** your data protection **declaration of consent** at any time. Revocation of the consent shall not affect the legality of the processing, carried out on the basis of the consent, up until the revocation. Within certain limits, you have the right not to be subjected to a decision, based exclusively on automated processing — including Profiling — that is legally effective against you or that significantly impairs you in a similar manner.

3 Right to complain to a supervisory body

Notwithstanding any other administrative-law or judicial remedy, you have a right to complain to a supervisory authority, in particular in the member state of your residence, your place of work or the place of the suspected violation, if you are of the opinion that the processing of your personal data violates the GDPR.

The supervisory body with which the complaint has been filed, will inform the complainant of the status and the results of the complaint, including the possibility of a judicial remedy pursuant to Art. 78 GDPR.

4 Information in the event of data collection via third parties

If we collect your personal data via third parties, this can involve the following categories of personal data: name, contact data as well as further information, for example concerning your responsibilities. If we do not receive these contact data directly from you, we receive them from the company for which you work and/or with which we are in contact. This can involve in particular an exhibitor or another cooperation partner with which we exchange services.

The possibility also exists of us receiving your contact data from commercial agents working for us.

5 Purposes and legal basis of the processing

a) If you conclude a contract with us, we process your data for contract initiation, execution and settlement. This concerns the purchase of tickets as well as the contractual relationship as exhibitor, if you are acting as a natural person, for example businessman, in this respect. This also includes the creation of user accounts on the platforms offered by us, unless a separate data protection notice on the handling of your data is provided there. The data processing can also be for the purpose of administering your participation in an event or competition.

The legal basis for the handling of your data is Art. 6 (1) sentence 1 lit. b) GDPR, if this handling concerns the contractual exchange of services with you.

b) We may possibly also process data on you even if you yourself are not a customer, but rather a contact person of a business or cooperation partner.

In this respect, the legal basis for the handling of your data is Art. 6 (1) sentence 1 lit. f) GDPR.

c) We process your data in order to provide you with the accreditation for this event. If you have given your consent during accreditation, your data will be

used to send you press information. To do so, your data will be stored in our database even after the event is over.

The legal basis for the handling of your data is Art. 6 (1) sentence 1 lit. b) GDPR, if this handling concerns the contractual exchange of services with you. Insofar as you have given your consent to the sending of press information, Art. 6 (1) sentence 1 lit. a) GDPR is the legal basis for the handling of your data. You can revoke such consent at any time with effect for the future.

d) We also process data for other purposes that are in our interests, specifically in order to:

- provide you with product information concerning relevant products and services.
- carry out measures aimed at improving and developing services and products, so as to be able to approach you individually with customised offers and products.
- carry out market and opinion research, or have this carried out by market and opinion research institutes. This enables us to obtain an overview of the transparency and quality of our products, services and communication, and to align or design these in the interests of our customers.

The legal basis for this handling of your data is Art. 6 (1) sentence 1 lit. f) GDPR, § 7 (3) UWG as well as Art. 6 (1) sentence 1 lit. a) GDPR, provided you have issued consent. You can revoke any such consent at any time with effect for the future.

e) As far as your data are collected exclusively for the purpose of traceability of new infections with the Coronavirus SARS-CoV-2, the legal basis for the handling of your data is § 2a CoronaSchVO NRW.

6 Justified interest

If we use data within the framework of the above weighing-up of interests, our justified interest lies in enabling direct advertising (see Recital 47 GDPR), provided your privacy-law interests do not outweigh our advertising interests in each individual case.

If we use data in the context of contract initiation or fulfilment with a business or cooperation partner, our interest when handling your data lies in enabling and maintaining a dialogue with the respective business or cooperation partner, typically within the framework of a contractual or other relationship. If you act as contact person in this respect — typically in your function as employee of these companies — you typically have no opposing interest if this interaction with us is part of your work duties.

7 Recipients of your data

If and insofar as you have issued us with corresponding consent, we shall forward your data within the limits of this consent.

We shall also forward your data to service providers who are bound by instructions and whose work supports the provision of our services for you, on our behalf and in accordance with our instructions. These can be IT service providers, print service providers, call centres if you call in, and similar service providers. In addition, we pass on your data to third parties if and insofar as this is necessary to fulfil the contract concluded with you and order processing is out of the question.

In individual cases we also forward your data to third parties who use the data on their own responsibility: finance and tax authorities, police and investigation authorities (given the existence of a legal basis), official registration bodies (if forwarding is prescribed by law), insurance companies, banks and lending institutions (payment processing), market partners, commercial agents, auditors, lawyers, accountants or similar third parties.

8 Transfer of data to a third country

The transfer of data to third countries is planned if this is necessary for fulfilment of a contract, or if you issue us with express consent to forward the data to third parties.

If we transfer your data to service providers or group companies outside the European Economic Area (EEA), the transfer will only be made if the third country has been certified by the EU Commission as having an adequate level of data protection (Art. 45 (1) GDPR), or given the existence of other adequate data protection guarantees as defined in Art. 47 GDPR.

9 Duration of the storage of your data

If we have received your data for the processing of the contractual relationship with you as ticket purchaser or as natural person, as exhibitor, or for the purpose of an advertising approach or for the processing of your participation in an event or competition, we shall store your data and shall erase these after the event or when the contractual relationship with you has ended, when all reciprocal claims have been fulfilled and if no other statutory retention obligations or statutory justifying reasons for the storage exist. If you have a user account, your user data will be stored until this user account is deleted.

If we have collected your data solely on the basis of the CoronaSchVO NRW, these data will be stored or deleted in accordance with the periods resulting from this regulation.

If you have given us your consent (e. g. to receive information on products and services or press releases), we will store your data until you revoke your consent.

Retention obligations exist in particular under the German Commercial Code (HGB) and the German Tax Code (AO). If such obligations apply and concern documents with your data, we shall erase your data upon expiry of the statutory retention obligations. As a rule therefore ten years from the end of the year in which the contractual relationship with you has ended.

If we use your data in the context of the contract initiation or fulfilment with a business or cooperation partner, we shall store your data and shall erase them as soon as these are no longer required, for example if our relationship with the business or cooperation partner ends, if you yourself no longer act as contact person or similar.

10 Necessity of providing your data

The provision of the data by you and the collection of the data by us for the processing of the contractual relationship with you as ticket purchaser or as natural person or as exhibitor, is necessary for conclusion of the contract. Without the data we cannot conclude a contract with you or provide invoicable services. This also applies if you wish to create and use a user account or to be accredited as a media representative.

The same applies in cases in which you wish to be approached by us for advertising purposes, or wish to participate in events or competitions.

If we collect your data in the context of contract initiation or fulfilment with a business or cooperation partner, the provision of the data is typically necessary for the contractual relationship with the company for which you work; we would be typically unable to provide services without the data.

11 Automated decisions in individual cases or Profiling measures

No automated decision making or profiling takes place, neither for the creation and execution of the contractual relationship with you, nor for advertising approaches, nor for the processing of your participation in events or competitions.

If you have a user account on one of our platforms and are logged in there, we evaluate your interests on the basis of the actions you have taken in order to send you information on products and services tailored to your interests. An automated decision making process does not take place.
